**FOR IMMEDIATE RELEASE:**

***FIRST* LEGO League Brings STEM Learning to Avon Grove Library**

West Grove, PA, March 1, 2016 –

*FIRST* LEGO League (FLL) team “ThunderMinds” will give a hands-on demonstration during March’s Lego Block Party at Avon Grove Library on Saturday, March 26 at 1:30. This program is free and open to the public.

ThunderMinds will bring Lego NXT robots programmed to perform a short, easy challenge. Attendees can take turns starting and watching a robot complete the challenge. ThunderMinds will also perform a team-building activity with audience participation.

FLL teams (children in grades 4-8 with adult coaches) research a real-world problem such as food safety and work to develop a solution. Teams design, build, and program a robot using LEGO Mindstorms to compete on a table-top playing field. The FLL program works to inspire young people to be science and technology leaders, by engaging them in programs that build science, technology, engineering, and math (STEM) skills.

Avon Grove Library’s Lego Block Party is held 1:30-2:30 on the fourth Saturday of each month. Avon Grove Library Lego Club takes place 4:30-5:30 on the first and third Thursdays. Both programs are free to the public and no registration is required.
